

Sock Monkey Craft

You will need: A pair of old socks, scissors, needle and thread; two buttons; old clothes for stuffing.

1. One sock is used for the body and legs, the other sock is used for the arms, tail and ears.

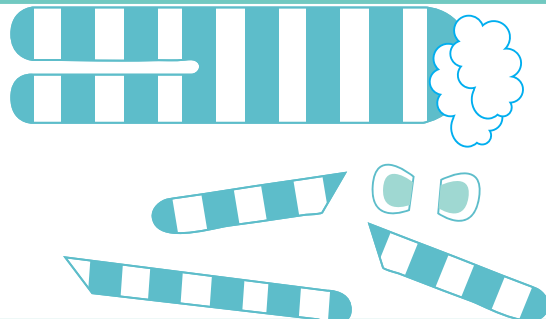

Roughly draw the pattern on your socks and cut out the pieces.

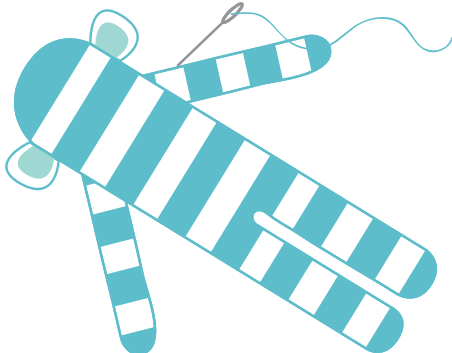

2. Sew around the body and legs, leaving a gap (to put the stuffing in).

3. Sew around the arms and tail also leaving a gap for stuffing. Stuff the body, legs, arms and tail.

4. Sew the arms, tail and ears onto the body.

5. Sew on two buttons for eyes. If you don't have buttons you can draw them on or sew stitches for eyes.
